

FM Global is one of the world's largest business property insurers, whose clients include more than one of every three FORTUNE 1000-size companies. For 175 years, clients have worked with FM Global to develop robust property insurance and engineering solutions to protect their business operations from fire, natural disasters and other types of property risk.

- Services:**
- FM Global is the only insurance company in the world that does not employ a single actuary; It is the only commercial insurer that links its underwriting to loss prevention engineering.
 - Founded 175 years ago on the belief that virtually all loss is preventable, not inevitable, FM Global adds value through its loss prevention technology to help clients reduce risk of loss.
 - Owned by its FORTUNE 1000 clients, some who have been clients for 100+ years
 - Operates a US\$125 million, 1,600-acre state-of-the-art research campus—the world's largest and most sophisticated center for scientific research and product testing to prevent loss from catastrophic fires, explosions and natural disasters including windstorms, earthquakes and floods.
